ANNUAL REPORT  
of the Town of  
**HOPKINTON**  
New Hampshire

For the Year Ending December 31, 1963

## REPORT OF HOPKINTON SCHOOL PLANNING COMMITTEE

The Hopkinton School Planning Committee was appointed by the Hopkinton School Board in October 1963. The purpose of the Committee was to appraise and evaluate the present school facilities and projected future needs and to recommend whatever remedial measures appeared necessary.

### Members of the Committee are:

Charles G. Douglas, Jr., Contoocook  
Stuart B. Holbrook, Jr., Contoocook  
Robert L. Lincoln, Hopkinton  
John W. Blackford, Hopkinton  
J. W. Scruggs, Contoocook  
Mrs. Robert P. Bass, Jr., Hopkinton  
Owen L. French, Contoocook  
Charles Crathern, Contoocook  
Mrs. Thelma R. McManus, Contoocook

### SURVEY STATISTICS

Because accuracy of school enrollment figures at the pre-school, elementary and high school levels were of prime importance, a complete IBM card system was developed from the present school census figures. This new system is now a vital part of the Hopkinton School System and will be maintained each school census year.

In order to develop a clearer understanding of our school membership problem, it is necessary to consider some of the statistical findings:

A. According to figures compiled by the state, Hopkinton's Resident Average Daily School Membership has increased 68.6% during the past ten years. We are told that this increase is the greatest of any school district in the state.

B. Projected figures for the elementary schools reveals an increase from 351 students in 1963 - 1964 to 423 students in 1968-1969. This is an expected increase of 4.0% per year.

C. Projected figures for the high school reveals an increase from 299 students in 1963 - 1964 to 411 students in 1968 - 1969. This is an expected increase of 7.3% per year in the next five years.

D. Projected figures for the total Hopkinton School District enrollment, 1963 - 1964 to 1968 - 1969, reveals an increase of 184 students. This is an expected increase of 5.6% per year in the next five years.

In the light of the foregoing figures, which are on the side of conservatism, it can be anticipated that the school district, on the basis of 25 students per class, will need new classrooms at the rate of 2 per year for the next five years.

These figures form the background for the observations and recommendations of the Committee.

## HIGH SCHOOL

In 1960, after a survey similar to this one, four rooms were added to the existing structure, which at that time was considered adequate to serve for a number of years. At the present time, this building, with the addition, is being used to its physical limits. Classroom space is available, but there is little if any room for future growth.

Additional courses to be offered, plus an increase in the student population over the next five years, will make it absolutely necessary to add additional classroom facilities to the present building. While the Committee feels that by a re-arrangement of study halls some room savings can be made over the short term, they agreed that this arrangement is far from ideal.

Within the five-year period, the high school must have a four-room addition, including a second Science Laboratory and even this recommendation is considered minimal.

The Committee makes no recommendation for any addition to the high school during the next year, but it is agreed that the status quo cannot be endured for more than one more year without seriously impairing the quality of our high school educational program.

The reason your Committee makes no recommendation for an addition to the high school this year is to allow time for a detailed study of the feasibility of a consolidated school system. We believe that consolidation is a logical and practical way to have better schools. Preliminary discussion with neighboring school districts, namely Webster, Warner and Bradford, indicates more than a passing interest in this direction. It is hoped that continued discussions between the school boards and other interested parties over the next six months will resolve this possibility. There are many advantages to a consolidation of schools as evidenced by what is taking place in adjacent communities faced with problems similar to ours.

Your Committee takes the position that it would be grossly unfair to our community and to our children to dismiss further study of a consolidated system and furthermore makes a recommendation that the matter be pursued vigorously by our School Board, and that the question be resolved prior to the 1965 school term.

Incidental to the question of a consolidation, your committee studied the "Report of the Interim Commission on Education" but its plans and ambitions were considered too unsettled to merit consideration at this time.

## ELEMENTARY SCHOOLS

The Harold Martin School was built in 1958; the Maple Street School in 1960 with both schools having one classroom for each grade; plus the normal additional facilities.

The present grade school classes are large; the average for both schools is 29 students and six of the classes have over 30 students. Even to keep the class size at this level, it ~~was~~ necessary this year to transport six walking students from Maple Street School to the Martin School.

The Committee feels strongly that these classes are too large to permit effective teaching for junior high school preparation and that additional classrooms should be provided.

IBM projections indicate that we can expect an increase in elementary enrollment from the present 351 to 423 in the school year of 1968-69. This represents an increase of 72 elementary pupils or 20% The Committee feels that this increase may be on the conservative side as indicated by an increase of approximately 100 pupils, or between 30% and 35% for grades seven through twelve in the same period.

Based on dates of birth of the present school census, the Contoocook-West Hopkinton-Tyler area will account for 199 of the elementary school population of 342 in 1964 - 1965, and 195 of a total enrollment of 348 in 1968 - 1969. These figures do not include any factor for immigration or emigration.

Assuming that both the Martin and the Maple Street Schools have equal capacities, they might presently contain about 175 pupils each. While this is not a completely accurate assumption, never-the-less, it would appear that the Harold Martin School could absorb about 20 pupils from the Contoocook areas as compared to the 12 it presently handles.

It then follows that if additional facilities are added at Maple Street, the Martin School could be relieved of from 12 to 20 pupils, thus permitting it to absorb an increase of 13% to 15% over the next five years from the Hopkinton end of town.

Also to be considered is the Gould Hill area, which fortunately, is flexible from the standpoint of transportation. This area will be accounting for 18 to 20 elementary pupils over the next five years. If these pupils were to be transported to the Maple Street School, it would enable the Martin School to absorb another 13% to 15% from its own end of town.

In conclusion, it appears reasonable, and this Committee recommends, that four elementary school rooms be added to the Maple Street School for occupancy in the fall 1964 term. The addition of four more rooms would make available 10 rooms for elementary use enabling this school to accommodate up to 300 students without too much strain. This school is presently accommodating approximately 188 students. (12 from the area are presently going to the Martin School because of crowded classes)

#### KINDERGARTEN

In order that all children in our school district be given Kindergarten training, it is recommended that two rooms be added to the Maple Street School for this valuable pre-school education. It is recommended that children attending these classes be transported by the town.

ESTIMATED COST - MAPLE STREET SCHOOL

In order that some idea of the cost be included with this report, we asked Titus Construction Company, the original builders, to submit a rough estimate.

(All classrooms to be of same quality and size as original)

Four Room Addition:

\$40,020.00	\$34,210.00 General
	<u>5,810.00</u> Plumbing, Heating.
	\$40,020.00 Ventilating & Electrical
	Work
Total Requested	\$50,000.00

OR

Four Class Rooms Plus two larger rooms for Kindergarten Use)

\$61,410.00	\$52,420.00 General
	<u>8,990.00</u> Plumbing, Heating,
	\$61,410.00 Ventilating & Electrical
	Work
Total Requested	\$75,000.00

1. The first part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation  $f(x) = \int_0^x f(t) dt$ . It is shown that  $f(x)$  is a continuous function and that it satisfies the functional equation  $f(x+y) = f(x) + f(y)$ . The function  $f(x)$  is also shown to be differentiable and its derivative is found to be  $f'(x) = f(x)$ . This implies that  $f(x) = Ce^x$  for some constant  $C$ . The value of  $C$  is determined by the initial condition  $f(0) = 1$ , which gives  $C = 1$ . Therefore, the function  $f(x)$  is the exponential function  $f(x) = e^x$ .

PLANNING BOARD REPORT

---

The following Zoning Ordinance has been drawn up for the purpose of enhancing the overall value of the Township of Hopkinton. Even though many hours have been put into drafting this Ordinance, the Board feels strongly that this is only the first of many steps that should be taken. In the near future a total comprehensive town planning program, similar to Federal Act No. 701, should be initiated so that many of the town problems which face us now, and which will confront us in the near future, can and will be properly handled. The Board urges that this Zoning Ordinance be enacted and that the Federal Act No. 701 be considered for the 1965 Town Meeting.

Respectfully submitted,

ALAIN J. CHARDON,  
*Chairman, Hopkinton Planning Board*

## PROPOSED ZONING ORDINANCE FOR THE TOWN OF HOPKINTON

### HOPKINTON, NEW HAMPSHIRE

#### Article I

##### *Preamble*

Pursuant to authority conferred by Chapter 31, Section 60-89, New Hampshire Revised Statutes Annotated, 1955, as amended, and for the purpose of promoting the health, safety and general welfare of the inhabitants and preserving values and the charm now attached to both the rural and village parts of the town, the following Ordinance is hereby adopted by the Town of Hopkinton in Town Meeting convened.

#### Article II

##### *Hopkinton*

Hopkinton Village Precinct has been excluded from this Zoning Ordinance for the reason that a zoning ordinance for said precinct was duly enacted in the year 1960 and said zoning ordinance continues to be in effect at the will of the precinct.

#### Article III

##### *Districts*

For the purpose of this Ordinance, the Town of Hopkinton is hereby divided into the following districts as shown on official zoning maps on file with the Town Clerk and dated

- (1) Residential District
- (2) Commercial District
- (3) Industrial District
- (4) Rural District
- (5) Recreational District

## Article IV

*Districts 1-3*

A. *General Provisions.* The following provisions shall apply throughout Districts 1-3:

1. Any use that may be obnoxious or injurious by reason of production or emission of odor, dust, smoke, refuse matter, fumes, noise, vibrations or similar conditions, or that is dangerous to the comfort, peace, enjoyment, health or safety of the community or lending to its disturbance or annoyance, is prohibited.
2. The removal of clay, sod, loam, sand, or gravel is permitted, either for private use or for sale, provided that all excavating, handling, processing, and storage facilities shall be removed and the area shall be regarded or otherwise covered to assure that the premises are left in a safe and sightly condition and protected against erosion. Such removal and re-grading or covering shall be done within (a) ninety (90) consecutive calendar days after depletion of the deposit or completion of the work for which the deposit was opened and/or developed as a source of supply, or (b) two hundred fifty (250) consecutive calendar days after the last use of the deposit of a general source of supply.
3. No owner or occupant of land in any district shall permit fire or other ruins to be left, but within one year shall remove or refill the same to clear ground level or shall repair, rebuild, or replace the structure.
4. *Signs* — Signs shall be permitted no larger than four square feet in the Residential districts, fifteen square feet in the Commercial districts and twenty square feet in the Industrial districts. No neon, tubular, or privately owned flashing electric signs shall be allowed in any District. No signs shall be placed in such a position to endanger traffic on a street by obstructing a clear view or by confusion with official

street signs or signals. Every sign permitted hereunder shall be constructed of durable materials and shall be maintained in good condition and repair at all times.

5. *Sanitary Protection* — All buildings and sanitary systems shall be constructed and maintained in accordance with the latest edition of the U. S. Department of Health, Education, and Welfare publication *Manual of Septic Tank Practice*.
6. *Trailers and Mobile Homes* —
  - (a) The use of land for the accommodation of trailers and/or mobile homes is prohibited except as provided below in this article. However, any property owner or lessee may accommodate one trailer or mobile home of a non-paying guest for a period of not in excess of sixty (60) days in any one year. A permit for this accommodation must be obtained from the Zoning Board.
  - (b) The above applies only to trailers and/or mobile homes utilized for residential purposes, and is not intended to cover single trailers or mobile homes owned by residents and/or stored or parked during periods of non-use on the premises of the owner.
  - (c) The Zoning Board may approve the temporary use of a trailer or mobile home to be maintained as living quarters by a person employed in adjoining construction work or for whom a residence is being built, or as an office, store-room or shop in connection with construction work, provided that such is shown to be a temporary expedient and also that the use will conform with the sanitary requirements as noted under section "5" of this article.
7. *Motor Vehicle and Machinery Junk Yards*. The use of land or buildings for motor vehicle or machinery junk yards is prohibited.

B. *Zoning District (1) — Residential District.*

A Building may be erected, altered or used, and lot may be used or occupied, only for the following purposes and in accordance with the following provisions:

1. *Uses permitted.*

- (a) Single and two-family dwellings with private garages and accessory buildings.
- (b) Churches and religious institutions, hospitals, excluding animal hospitals, nursing homes, municipal buildings, parks and playgrounds and schools, public or private.
- (c) Residences may be used to house such customary uses by the owner or tenant as offices for doctors, lawyers, real estate and insurance or other recognized professions, or such home occupation as hair dressing, or dressmaking, except that the number of persons employed at any one location shall not number more than two (2) persons in addition to the owner or tenant.
- (d) Home food and home garden produce may be exposed for sale in this district.
- (e) Farm and garden activities are permitted when incidental to primary residential use, but any use injurious, obnoxious, or offensive to the neighborhood is prohibited.
- (f) Property owners or tenants with business, professional or other service enterprises shall be allowed two (2) advertising signs on the premises relating only to the use or uses conducted in the building; also two (2) signs pertaining to the lease, sale or use of the lot or building on which it is placed.

2. *Lot Area Required.* Each dwelling shall be on a lot of at least 15,000 square feet in area and having a frontage of at least 100 feet on a public or right of

way. A dwelling may be on a lot of less frontage or area, however, if such lot was, at the time of the passage of this ordinance, a separate, individual parcel of land not adjoining any other land owned by the same person or persons.

3. *Yard Requirements.*

- (a) There shall be a front yard on each lot which shall not be less than twenty-five (25) feet in depth from the right of way line or on a line that is consistent with the adjacent buildings.
- (b) There shall be both rear and side yards of not less than ten (10) feet in depth on any side or rear yard line.

C. *Zoning District (2) — Commercial District.*

1. A building may be erected, altered or used and a lot may be used or occupied only for the following purposes and in accordance with the following provisions:

- (a) Any use permitted in the residential district under the same provisions as applied to residences in said district.
- (b) Shops, stores, restaurants, and other retail establishments.
- (c) Halls, clubs and amusement centers.
- (d) Undertaking establishments.
- (e) Business and professional offices and banks.
- (f) Light industry and wholesale establishments under special permit of the Zoning Board.

2. *Land Requirements.*

- (a) There shall be between the nearest right of way and the extreme front of any building, a yard having a minimum depth of thirty (30) feet; but said minimum depth may be less than thirty (30) feet if in conformity with the yards of adjoining buildings. No buildings shall be located within ten (10) feet of the side or rear property lines.

- (b) All commercial users shall front on the following streets as shown on the zoning map which is a part of this ordinance.
  - (1) Fountain Square.
  - (2) Main Street from the junction of Highland Street to the Fountain Square.
  - (3) Mill Street from the junction of Cedar Street to the Fountain Square.
  - (4) Park Avenue, from Contoocook River to the north side of Park Avenue Service Station.
  - (5) Kearsarge Street, from Contoocook River to the junction of Pine Street.
  - (6) Pine Street from Park Avenue to the junction of River Side Drive.
- 3. If any proposed use is such as to attract vehicles, ample off-street parking shall be provided to accommodate all vehicles attracted by the business including its employees.
- 4. Filling station, automobile repair garages will meet the following requirements:
  - (a) Will prove that a local traffic congestion will not be created with the location of any of the above uses.
  - (b) Will prove that it will not be offensive to the surrounding property owners in the form of lights, noise and odors.
  - (c) Will be allowed only on approval of the Zoning Board.
- D. *Zoning District (3) — Industrial District.*
- 1. A building or buildings may be erected, altered or used and a lot may be used or occupied only for the following purposes and in accordance with the following provisions:
  - (a) Any use permitted in the residential or commercial districts under the same provisions applicable in said districts, or any lawful com-

mercial or industrial use provided that such use will not be unreasonably obnoxious or injurious to the public or to persons occupying other premises in the vicinity by reason of the creation or emission of odor, dirt, smoke, refuse, fuels, noise, etc., and will not unreasonably interfere with the comfort, peace, enjoyment, health, or safety of the community.

- (b) Be located at least sixty (60) feet from the edge of any right of way and not less than twenty (20) feet from each side and rear boundary line.
- (c) Provide adequate parking facilities for:
  - (1) Freight and delivery trucks.
  - (2) Employee parking.

2. *Land Requirements.*

- (a) All industrial users shall front on the following streets or be located in the areas as noted on the zoning map which is part of this ordinance.
  - (1) The area starting at Riverside Drive and R.R. right of way between the Contoocook River and R.R. right of way to the brook, then back to south side of Pine Street and to the junction of the right of way line of Interstate Highway 89 and Pine Street.
  - (2) The area on the east side of Park Avenue now owned by Kingsbury & Davis Machine Company.
  - (3) Starting on Kearsarge Street at a point opposite the southern boundary of the land now owned by the Hopkinton Fair Association and north on Kearsarge Street to the Precinct line and including that area now owned by the Hopkinton Fair Association.
  - (4) The area on the west side of Park Avenue

now owned by O. D. Hopkins, Inc.

- (5) The area on the west side of Maple Street now owned by Hosmer Machine Company.

(b) *Signs.*

- (1) Property owners and tenants shall be allowed two (2) advertising signs relating only to the use or uses conducted in the building or on the immediate premises thereof.

Article V

*Rural District, District (4)*

Land within Zoning District (4) may be occupied and used and structures thereon may be erected, altered, occupied and used only for the following purposes and subject to the following provisions:

- 1. *Permitted Uses.* In addition to the uses permitted in the residential district, the following uses are hereby permitted:

- (a) Single and two-family dwellings, with or without private garages and accessory buildings subject, however, to the requirement that there shall be provided with each such new structure either garage or off-street parking space for not less than one private passenger car for each family intended to reside upon the premises.
- (b) Churches and religious institutions, hospitals, nursing homes, municipal buildings, and public or private parks, playgrounds and schools providing there will be ample off-street parking.
- (c) Farms, forestry, livestock and poultry raising together with the necessary processing incident thereto shall be permitted in this district if not injurious or unreasonably obnoxious and offensive to the neighborhood.

- (d) Organized camps, overnight cabins, and motels, provided that individual buildings are separated by at least twenty-five (25) feet and no building or parking area is closer to the abutting right of way than seventy-five (75) feet.
- (e) Other commercial and industrial uses, drive-in theatres, airports and flying services, and other places of public amusement, may be allowed by special permit of the Zoning Board, provided that the applicant demonstrates the use will not be unreasonably obnoxious or injurious to the public or to persons occupying other premises in the vicinity by reason of the creation or emission of odor, dirt, smoke, refuse, fuels, noise, etc., or that unreasonably interferes with the comfort, peace, enjoyment, health, or safety of the community.
- (f) No trailer or mobile home shall be maintained for living purposes except in a mobile home or trailer park or as otherwise provided, except that a trailer or mobile home may be parked and used for not more than thirty (30) days and no permit shall be required for such use. A trailer or mobile home may be maintained and used as living quarters by the owner of the lot on which it is parked, or by a person employed on the premises, or by a person visiting the owner of the lot for a period not to exceed six months, and after prior permit from the Zoning Board, provided that no remuneration is made to said owner or his agents, and further provided that such use is shown to be a temporary expedient. Said permit shall be subject to such reasonable rules and regulations for the protection of the public health, safety and general welfare and upon said terms and conditions as the Zoning Board may deem proper.

The Zoning Board may approve a single renewal of such permit upon re-determination of the conditions under which such a permit may be allowed.

- (g) Mobile home or trailer parks are acceptable only after prior permit from the Zoning Board which shall be issued upon its finding that the proposed park complies with the following requirements and such further terms and conditions as the Board may find proper to impose to protect the public health, safety, morals and general welfare.
  - (1) The said park shall be so located as to be screened from view from abutting properties and the public right of way, and shall not put an undue traffic burden on the public road to which it abuts.
  - (2) Prior to issuance of the permit, the applicant shall place upon file with the Board, the certificate of the Town Health Officer that the plans and specifications are in his opinion in accordance with State laws and regulations, regulations of the New Hampshire State Department of Health, and Town Ordinances and regulations pertaining to sanitary arrangements.
  - (3) All roadways shall be paved, and at least one paved parking space shall be provided for each trailer or mobile home. All roadways shall be lighted at night. No parking shall be allowed on roadways. If service roads to the rear of the trailers are provided, they need not be paved but must be graveled sufficiently for all-weather use. Such service roads need not be illuminated.

- (4) Three thousand (3,000) square feet shall be provided for each unit and shall be plainly marked with permanent markers at each corner.
- (5) No sheds, lean-tos or other structures may be built onto any trailer or mobile home other than an awning, or an entryway.
- (h) Any gravel pit, sand pit, or quarry shall be permitted in the District only after prior permit from the Zoning Board which shall be issued after its findings that the proposed operation complies with the following requirements and such further terms and conditions as the Board may find proper to impose to protect the public health, safety and general welfare.
  - (1) Such operation will not create a traffic condition detrimental to the neighborhood or hazardous to the use of the highway, and will not place an undue burden of the load-bearing capacity of such public roads as will be utilized by the operation.
  - (2) Such operation will not create noise or dust to the extent that it will be detrimental to the health or comfort of nearby residents in their reasonable enjoyment of their property, nor to members of the public.
  - (3) Upon abandonment of the operation of such pit or quarry, the owner shall grade all banks to a stabilized slope and fill in, or provide drainage for, any pit below the average water table or pit where surface water will collect and remain during normal climatic conditions.
  - (4) The Zoning Board shall attach such further conditions to a permit including the requirement of posting of a reasonable

bond to ensure compliance herewith as it deems necessary to preserve the spirit and intent of this Ordinance.

- (i) All buildings and sanitary systems shall be constructed and maintained in accordance with the latest edition of the U. S. Department of Health, Education, and Welfare publication *Manual of Septic Tank Practice*.
- (j) Motor vehicle and machinery junk yards may be permitted in accordance with the State of New Hampshire Revised Statutes Annotated chapter 267 as amended by chapter 275, Laws of 1955, and with the approval of the Zoning Board.

## 2. Lot Area Required.

- (a) Each principal building shall be on a lot of at least 40,000 square feet in area and having a frontage of at least 200 feet on a public or private right of way. A principal building may be on a lot of less frontage or area, however, if such lot was, at the time of the passage of this ordinance, a separate, individual parcel of land not adjoining any other land owned by the same person or persons.
- (b) Commercial and Industrial uses shall conform to the yard requirements provided for the Commercial and Industrial districts, respectively, and except as otherwise provided, other uses shall conform to the yard requirements provided for the Residential District.

## 3. Signs. All signs shall be erected, re-erected, enlarged or extended in this zoning district only as herein provided.

- (a) No sign shall be erected nor displayed for view by persons in the public way having flashing, bright or dazzling lights, neon tubing or mov-

ing parts, and no sign shall be illuminated with naked or unshielded lights.

- (b) There may be erected and displayed upon the premises of any advertiser two (2) general advertising signs, each not in excess of twenty (20) square feet in exposed area provided that a prior permit for the erection of such signs has been obtained from the Zoning Board pursuant and subject to such reasonable terms and conditions for the protection of the public safety and general welfare as the Board may impose.
- (c) Any person, firm or corporation engaged in business may erect and maintain two (2) general advertising signs on land not constituting the premises of the advertiser provided that a prior permit for the erection of such signs has been obtained from the Zoning Board pursuant and subject to such reasonable terms and conditions for the protection of the public safety and general welfare as the Board may impose; and further that neither of the said signs shall exceed twenty (20) square feet in exposed area and each shall be located within one thousand (1,000) feet of the place of the said business, except if said business is on a Town road, such signs may be located within one thousand (1,000) feet of the junction of the Town road and the nearest State road.
- (d) Subject to the requirements of subparagraph (a) above which shall apply to all signs throughout this zoning district, nothing herein shall be deemed to prohibit, control, or require a prior permit with respect to any of the following:
  - (1) The size and number of signs to be affixed to the building of an advertiser, calling attention to products or services offered

on the premises, or signs on the premises of the advertiser which are designed to command the attention of persons on the premises rather than persons on the highway.

- (2) A sign or signs announcing the name of a residence or farm, or the name or profession of the occupant thereof. Such signs need not be restricted to the property of the owners of such signs.
  - (3) Temporary signs advertising farm products sold at a seasonal roadside stand or posters used in connection with campaigns for public office.
  - (4) A sign, not to exceed 20 square feet in area, advertising the sale or lease of a building or lot and located on said lot or lots on which said building is located. One (1) such sign is permitted the owner and one (1) such sign for each agent commissioned to handle the sale or lease of the property.
  - (e) None of these provisions shall be construed to limit or restrict in any way signs erected by the Town of Hopkinton, the State of New Hampshire or its agencies or the Federal Government or its agencies.
4. No owner or occupant of land in any district shall permit fire or other ruins to be left, but within one year shall remove or refill the same to clear ground level or shall repair, rebuild, or replace the structure.
  5. *Area Included.* Zoning District (4), Rural District, shall consist of that part of the Town of Hopkinton not included within Districts 1, 2, and 3, Hopkinton Village Precinct, nor the Recreational District, (Zoning District (5)), as the latter is more specifically defined in Article VI below: and is specifically set

forth in the official zoning map of the Town of Hopkinton on file with the office of the Town Clerk.

## Article VI

### *Zoning District (5) — Recreational District*

Land within Zoning District (5) may be occupied and used and buildings and structures thereon may be erected, altered, occupied and used only for the following purposes and subject to the following provisions:

1. *Permitted Uses.* Land and buildings within this district may be used for any of the purposes which are permitted in Zoning District (1), Residential District as set forth in Article IV B of this Ordinance, and subject to all of the same limitations as set forth therein except as modified below.
2. *Seasonal Residences.* Seasonal residences in Zoning District (5) shall conform to the following requirements:
  - (a) Any such residence shall be built on a lot having a width of not less than one hundred (100) feet measured at the building line (and defined as the shortest straight line from side to side across the lot and touching the short side of the residence) and a depth of one hundred twenty-five (125) feet. Any such residence may be on a lot of less width, however, if such lot was at the time of the passage of this Ordinance a separate individual parcel of land not adjoining any other land owned by the same person or persons.
  - (b) There shall be a rear set back of not less than fifteen (15) feet.
  - (c) There shall be a set back on each side of not less than fifteen (15) feet.
  - (d) There shall be a single residence as above defined on each lot. Not more than two accessory buildings for use as garage, boat house, storage,

etc., shall be permitted subject to the limitations contained herein.

3. *Septic Tanks.* All septic tanks and outfalls of dry wells shall be placed not less than seventy-five (75) feet from the nearest water's edge and at least seventy-five (75) feet from any well.
4. *Land Area Included.* The following land area shall be included within the Recreational District (Zoning District (5)): That area of land lying between the ordinary high-water mark of the following named ponds and extending to a depth of three hundred (300) feet from said high-water mark: Clement Pond, Grassy Pond, Rolfe Pond, and the said District shall include such additional area as may be so designated on the official Zoning map on file at the offices of the Town Clerk.
5. *Signs.* All provisions of the Ordinance set forth in Article V, paragraph 3, a & b, above with respect to the erection and display of signs in Zoning District (4) shall apply with full force and effect in the Recreational District (Zoning District (5)).

## Article VII

### *Nonconforming Uses of Land and Buildings*

*Existing nonconforming uses exempt.* Any nonconforming use of land or of any structure may continue as in existence at the date of adoption hereof, except that no such nonconforming use of land or of any structure may be varied as follows:

1. Changed to another nonconforming use;
2. Re-established after abandonment for one year;
3. Extended or enlarged.

## Article VIII

### *Administration and Enforcement*

1. *Board of Selectmen constituted Zoning Board to Administer Ordinance.* The Board of Selectmen is

hereby constituted the Zoning Board hereunder. It shall be the duty of the said Zoning Board to take all such action, including the institution and prosecution of all actions, civil or criminal, as may be necessary to enforce the provisions of this Ordinance, including suits for injunctions against violations and for court decrees for the removal or alteration of structures or conditions violating this Ordinance. The Zoning Board shall have no power to authorize any departure from the terms of this Ordinance whether in the nature of exception, variance or otherwise. (But see paragraph 4 below, Board of Adjustment.)

2. *Permits.* Application for a prior permit from the Zoning Board shall be made as hereinabove required, as well as for any of the following:
  - (a) The erection or relocation of any new principal building or of any structure herein regulated;
  - (b) Any action which would constitute an exception or variance from the terms of this Ordinance, including, without limiting the generality of the foregoing, a change in the nature of the use of any building or premises to a nonconforming use from a conforming or a different nonconforming use or the addition of a new nonconforming use, or the expansion of an existing nonconforming use or a change in lot size or shape which would result in a violation of area or frontage regulations.
3. The Zoning Board shall grant or deny a permit within thirty (30) days after an application conforming to the regulations of the Zoning Board has been submitted and a failure by the Zoning Board to act within such time shall be deemed a denial.
4. *Rules and Regulations.* The Zoning Board shall have power to adopt such rules and regulations governing its own procedure as well as governing the

filing and processing of application for permits and the prosecution of appeals in matters arising under this Ordinance as it may deem proper.

5. *Board of Adjustment.* Within thirty (30) days after the date of adoption of this Ordinance and thereafter as terms expire or vacancies occur, the Board of Selectmen shall make appointments to a Board of Adjustment, which is hereby created and which shall conform in membership to the applicable provisions of the statutes of the State of New Hampshire. Such appointments shall include at least one member who is a resident of Contoocook Fire Precinct, one who is a resident of Hopkinton Village Precinct and three additional members in whose selection fair representation shall be given to areas of the Town outside of the Precincts.

- (a) The Board of Adjustment shall have the powers and duties as outlined in New Hampshire Revised Statutes Annotated, 1955, Chapter 31: 66 through 89.

## Article IX

### *Amendments*

This Ordinance may be amended as provided by Chapter 31, Sections 63 and 64, New Hampshire Revised Statutes Annotated, 1955.

## Article X

### *Penalty*

Every person, persons, firm or corporation violating any of the provisions of this Ordinance shall be fined not more than ten dollars upon conviction for each day such violation may exist.

## Article XI

### *Saving Clause*

The invalidity of any provision of this Ordinance shall not affect the validity of any other provision.

## Article XII

*Effective Date*

This Ordinance shall take effect upon its passage.

## Article XIII

*Definitions*

Terms used in this Ordinance shall be interpreted according to the following definitions:

1. *Principal Building.* A structure to be used for habitation, or commercial, industrial, agricultural or social uses, which is not accessory or incidental to an existing building or group of buildings.
2. *Right of Way.* All town, state, and federal highways and private rights of way, and the land on either side of same as covered by statute or legally accepted common usage.
3. *Lot.* A parcel of land held in single ownership.
4. *Frontage.* The length of a lot bordering a public or private right of way.
5. *Trailer.* Any vehicle or similar portable structure used, or intended to be used as an office, shop, or dwelling, having no foundation other than wheels, jacks or skirting, and having none of the following: running water, sanitary facilities, bath facilities and toilet.
6. *Mobile home.* Any structure used or intended to be used as a dwelling which is designed for movement on the public highway either by towing or by its own motive power, and which contains any of the following: running water, sanitary facilities, bath facilities and toilet.
7. *Sand Pit.* Any place where sand is mined, worked, or removed from the premises, for the purpose of sale or use.

8. *Gravel Pit.* Any place where mineral aggregate is mined, worked or removed from the premises, for the purpose of sale or use.
9. *Quarry.* Any place where any inorganic material other than sand or gravel is mined, quarried, worked or removed from the premises, for the purpose of sale or use.
10. *Sign.* Any structure or natural object or part thereof used to convey a message or attract attention to any object, place, activity, person or product.
11. *Nonconforming use.* Any use of land, building or structure which does not comply with the provisions of this Ordinance (and which was established or erected prior to the enactment of this Ordinance.)
12. *Front Set back.* A set back extending across the full width of a lot between the front lot line and the front of the foremost building, excluding steps.
13. *Rear Set back.* A set back extending across the full width of a lot between the rear lot line and the rear of the building nearest the rear lot line.
14. *Side Set back.* A set back between a side lot line and the building nearest to it, extending from the required front set back to the required rear set back.
15. *Motor Vehicle and Machinery Junk Yard.* As defined by the State of New Hampshire Revised Statutes Annotated, Chapter 267 as amended by Chapter 275, Laws of 1955.

With great regret, the Trustees accepted the resignation of Miss Rachael Johnson, whose devoted service was appreciated by the patrons of the Library. Miss Johnson's place has been taken as of July 1 by Mrs. Sarah Siegler, who has already justified the confidence shown by the Trustees in her appointment.

Grateful acknowledgement is made of gifts, including those from the Girl Scouts, Mrs. Dorothy Pratt for children's books, an anonymous contribution for the purchase of books, and proceeds from the Morgan estate, \$50.00 of which the Town will be requested to add to the capital reserve fund, and a further anonymous contribution of \$150.00, also to augment the capital reserve fund.

Special mention is made of the assistance rendered by the Friends of the Library under the leadership of Mrs. Margaret Ransmeier. For some weeks they filled in for the Librarian on days when the Library is not usually open, to test the demand for additional hours for keeping open. This, in addition to assisting the Librarian during rush hours, and various other time-consuming chores.

## LOG OF THE HOPKINTON FIRE DEPARTMENT

---

From Oct. 31, 1962 — Nov. 1, 1963

A total of 377 men answered the following alarms, using 26 booster lines, and laying 1100 ft. of 2½" hose and 4200 ft. of 1½" hose, and countless hand extinguishers, back pumps, etc.

- 10 grass and brush fires
- 7 chimney fires
- 6 vehicle fires
- 3 buildings
- 2 lost persons, about 300 searchers turned out
- 2 burned over dump
- 1 shorted TV
- 1 pile of tires, set by pranksters
- 1 manure pile
- 1 over-heated furnace
- 1 false alarm sending all equipment to "the Hopkinton Store"

Maintained water pressure for Hogue and Sprague mill for 8 hrs. while the Perini Corporation tested their gates in the new dam.

Hauled 25,000 gallons of water to Hopkinton Fair for water show.

We sent aid four times to Warner, two times to Henniker, one time to Webster and stood by one time for Warner and Henniker. We received aid one time from Henniker.

This Department covers in Warner and Webster those houses served by the Hopkinton Telephone Co., alerting those Departments once we are under way. We in turn receive the same treatment from the Concord Fire Department as they cover all the houses in Hopkinton served by the New England Telephone Co.

During the forest fire emergency in Oct. 1963 the Dept. and Auxiliary maintained an average 20 hour per day road patrol, covering every road in town at least four times per day for two weeks.

The Department ambulance made 48 runs, an increase of five over the previous period.

The proceeds of the John T. Krzyzaniak Memorial Fund have been used to purchase convalescent equipment for use by Hopkinton residents. It was the late fire chief's wish that items of this type be made available, without cost, to families temporarily in need.

A wheel chair and a hospital bed with trapeze are now housed at the Fire House and may be arranged for by contacting the Fire Department.

Respectfully submitted,

LESLIE C. TOWNES

## HOPKINTON VILLAGE PRECINCT

### Annual Report of Precinct Commissioners

The most important events during 1963 from the standpoint of municipal affairs in the Precinct have no doubt been concerned with the new waterworks program. This was the first full year of operation of our new water department. In accordance with the arrangements under which this department was organized, its financial affairs have been kept carefully separate from the Precinct's other business, and its financial condition as of December 31, 1963 as well as its record for the year are set forth in the summaries printed herewith. The department reported total earnings for the year of \$742.68. This was after depreciation charges of \$508.98, so that well over a thousand dollars of cash was generated during the year which will be available to assist toward financing the new waterworks plant which was under construction at the year-end.

The year was one of alternating progress and frustration so far as the construction program for the new waterworks is concerned. This system, which was provided for by votes of two special meetings of the Precinct on July 30 and September 5, 1962, ran into an initial snag when it developed that one of the landowners who owned a part of the watershed area which the State Department of Health had certified was essential for the Precinct to acquire, refused to negotiate with us for the sale of this land, so that we were obliged to resort to eminent domain proceedings. To speed this procedure up, we were able to obtain helpful legislation from the 1963 session of the General Court, but nevertheless, the land was not finally available to us until fall was well advanced.

Meanwhile, the Water Board did whatever could be done ahead of time so that construction would be able to proceed promptly when the land became available. Our construction loan was arranged at Concord Savings

Bank at the favorable interest cost of only three and a half percent; engineering plans were completed; and bids for construction were invited and had been received, indicating prospective costs within our original estimates. When the eminent domain award for the land was reported, it was more than double the appraised value of the land and presented us with a difficult choice as to whether or not to appeal it, but it was decided that we should accept it. The need for a better community water source was as urgent as ever, and from a practical standpoint, the Precinct stood to lose much more than the excess cost of the land if it were to allow the favorable construction bids on hand to lapse. Thus, the award was paid, the construction contracts were awarded and everything possible done to try to get our new water source into service before winter. Unfortunately, it turned out that this was more than could be accomplished. The new main from the village square down the Briar Hill Road to the watershed area was completed, and the new well was finished after January 1, 1964. But no connection has been made between the two, and it does not appear that this will now be done before spring.

The Precinct Commissioners have been much concerned about the Fire Station which is not well suited to house modern equipment which is much larger and heavier than that for which the station was designed. Although the doors of the building were recently enlarged, the situation inside is extremely cramped, and modern tank trucks are too tall to enter even the enlarged doors. There appears to be no structurally feasible way of remodeling this building so that it would be adequate. The entire problem is under careful review by the Board.

The Precinct zoning ordinance has now been in effect for several years, and the community seems to have adjusted to it with little inconvenience.

The Precinct has renewed its interest in providing community skating during the winter months at the Frog Pond. We wish to express appreciation to Mr. and Mrs. Paine as landowners concerned, and to Walter Shepard and Carroll Kimball, as well as to all others who have helped, for assisting in flooding the area and clearing snow. We also wish to record here the appreciation of the Precinct to Mrs. Lena Dwinnells for her patient cooperation in negotiating the terms upon which the Precinct acquired certain land from her, needed for the new waterworks as well as to Mr. and Mrs. Otto Heino for their generous gift of the portion of the required watershed area owned by them.

HOPKINTON SCHOOL DISTRICT  
REPORT OF ANNUAL SCHOOL MEETING  
March 12, 1963

---

The annual meeting of the Hopkinton School District was held in the Town Hall, Hopkinton, New Hampshire, March 12, 1963.

The meeting was called to order at 8:55 a.m. by the Moderator, Joseph S. Ransmeier.

Reverend Claude Smith offered prayer.

An attested copy of the School Warrant was read by the Moderator.

Article I

The Moderator declared the polls open from 9:00 a.m. until 6:00 p.m. for the election of a moderator, a clerk, a treasurer, and a member of the school board for three years.

Article II

Clifford Sharpe offered the following resolution and moved its adoption:

*Resolved:* By Hopkinton School District in School District meeting convened: That this meeting shall recess and shall reconvene on Wednesday, March 13, 1963 at 8:00 p.m. at the Hopkinton High School.

The resolution was adopted in the affirmative.

The annual meeting reconvened at Hopkinton High School Auditorium at 8:00 p.m., March 13, 1963 with Joseph S. Ransmeier as Moderator.

After calling the meeting to order, the Moderator declared a five-minute recess. The meeting then reconvened, and the following business was transacted.

Article III

The chair recognized Thelma McManus who offered the following resolution and moved its adoption:

*Resolved:* By Hopkinton School District in School Meeting convened that the reports of agents, auditors,

committees and officers as printed in the Town Report be accepted, errors and omissions excepted.

The resolution was adopted in the affirmative.

#### Article IV

The chair recognized David Adams who offered the following resolution and moved its adoption:

*Resolved:* By Hopkinton School District in School Meeting convened that the auditors of the Town of Hopkinton be elected as auditors of Hopkinton School District, and further that the duly elected officers of Hopkinton School District be authorized and empowered to appoint such agents and committees as they may deem necessary or appropriate.

The resolution was adopted in the affirmative.

#### Article V

The chair recognized Frank Gardner who offered the following resolution and moved its adoption:

*Resolved:* By Hopkinton School District in School Meeting convened that the School District raise and appropriate the sum of \$295,815.54 for the support of schools, for salaries of school district officials, agents and employees, and for payment of statutory obligations of the district and that the district further authorize the application against such appropriation of such sums as may be received from any state or federal programs for the support of public education, together with any other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance shall be raised by the taxes by the Town.

The chair recognized Thomas Astles and then declared a one-minute recess. Mr. Astles then offered the following amendment to the resolution:

*Resolved:* That there be added at the end of the resolution the following: And further that every expenditure be itemized and printed in detail and a schedule

of debt retirement be printed each year beginning with the 1963 Annual Town Report.

Discussion followed. After objection from the floor, the chair ruled that the amendment did not pertain to the subject of the resolution and was out of order. It was moved that the chair be overruled, and on vote duly taken, the chair was overruled and it was held that the amendment was in order. The amendment was then adopted in the affirmative.

Lengthy discussion followed.

The chair recognized Frank Gardner who moved the previous question. This motion carried. On vote duly taken, Article V as amended, was then adopted in the affirmative.

#### Article VI

The chair recognized Shepard Wilder who offered the following resolution and moved its adoption.

*Resolved:* By Hopkinton School District in School Meeting convened that the School Board be authorized to make application for and to receive in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be available from the United States Government and/or State agencies.

## THE STATE OF NEW HAMPSHIRE SCHOOL WARRANT

To the inhabitants of the School District of the Town of Hopkinton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1964 at 7:55 o'clock in the morning to act upon the following subjects:

1. To choose by non-partisan ballot the following school district officials with the polls open at 8:00 o'clock in the morning, and to remain open continuously until 6:00 o'clock in the evening:

A. Moderator

B. Clerk

C. Treasurer

D. School Board member for three years

2. To see if the meeting will vote to reconvene on Wednesday March 11, 1964 at 8:00 P.M. at the Hopkinton High School.

3. To hear reports of Agents, Auditors, Committees and Officers chosen and to take any action thereto.

4. To choose Agents, Auditors, Committees and Officers in relation to any subject embraced in this warrant.

5. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the salaries of School District Officials, Agents, and Employees, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as may be received from any state or federal program for the support of public education, together with other income: the School Board to certify to the Selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

6. To see if Hopkinton School District will vote to authorize and direct the school board to build a four room addition to the Contoocook Grade School and to equip and furnish and grade the same, and to enter into all necessary contracts in the name of Hopkinton School District for the design, construction and equipment of such addition: to raise and appropriate fifty thousand (\$50,000) for a four room addition and for this purpose to authorize the School Board to borrow in the name of the district fifty thousand dollars (\$50,000) and to execute and issue as evidence of such indebtedness, in serial form, notes or bonds of the school district under and in accordance with the applicable laws of the State of New Hampshire, including the Municipal Finance Act, as amended, and to delegate to the School Board authority to fix the date, maturities, denominations, interest rate, or discount rate in the case of notes, place of payment, form and all other essential matters and details of said bonds or notes and providing for the sale thereof.

7. To see if the District will authorize the creation of a Cooperative School District Planning Committee of three persons, including at least one member of the school board, to study the feasibility of the Hopkinton School District becoming a member of a Cooperative School District and report to the next annual meeting: such committee to have all the powers of a planning committee under State Law: and to choose three persons for such committee.

8. To see if the district will authorize the school board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

9. To transact any other business that may legally come before said meeting.

Given under our hands this 12th day of February,  
1964 at said Hopkinton.

## SUPERINTENDENT'S REPORT

The Hopkinton School District's enrollment figures continue on the upward trend with no end of this trend in sight. When the high school building was built, many people thought it was too large. However, after five years use it became over-crowded again and another school planning committee was established. In its early stages a study of our enrollment and immigration trend was made. As a result of this study the Martin School was built in 1958 and a new elementary school was planned for Contoocook to be ready for September of 1963. Actually the Contoocook Grade School was built in the spring and summer of 1961, as were four additional rooms in the high school.

In the forecast study it was forecast that we would have 589 pupils in the Hopkinton schools in September of 1963. Our actual enrollment on September 1, 1963 was 640 pupils, and on October 14, 1963 we had increased to 650 pupils. The class sizes in the elementary schools particularly have risen to a point where we get diminishing returns.

There were forty pupils enrolled in the first grade at the Contoocook Grade School this September and twenty-one at the Martin School. To correct this situation nine of the first graders from the Contoocook Grade School were transferred to the Martin School, and transportation was provided for them. In order to make this transfer as easy as possible it was decided to transfer those first graders who had the longest and most hazardous distance to walk, and who lived fairly close together. This seemed to be the area on upper Spring Street and lower Main Street outside of Contoocook Village.

Because housing problems were again appearing to face us, a study committee was organized by the school board to see if we were facing another building program, and how best this should be met. Certainly we are growing at a more rapid rate than was anticipated

in 1959. The committee's problem will be to attempt to find how fast we are growing, and where that growth is taking place, and what to do about it.

Four years ago this September we started the accelerated program for the seventh and eighth grades. Our present Junior class will have completed the regular four years of mathematics and science. Next year we should be able to offer these pupils honors courses in higher mathematics and science. Our Chemistry class has become so large that next year we should have two classes in chemistry. We must offer a second course in non-college mathematics to complete our requirements of the Minimum Standards. This will mean an additional teacher in mathematics for the high school next year, which will also allow us to re-assign some of our mathematics courses.

One of the most difficult tasks for the Superintendent is the recruitment of teachers. The supply of teachers continues to be scarce, and the number of teaching positions increase as our school enrollments increase in the state, and throughout the nation. There is a mad scramble by Superintendents in this state and from other states for the graduates of our teacher's colleges. The result is that some of these graduates have opportunities to teach in a number of schools, and they pick and choose which position they wish to accept. We have been fortunate in securing teachers for Hopkinton, but we have to meet the competition if we are going to get the kind of teachers we want in our classrooms. Next year beginning teachers will be asking for and getting \$4400-\$4500 starting salaries. We are already having to pay this amount in some fields, particularly shop, mathematics, science and foreign language.

There was a great deal of publicity from Concord about the large increase in State Aid for Education, but none of it reached Hopkinton. The real estate of the community continues to bear the burden, although

some people feel that the new Sweepstakes Bill will provide a great deal more money. I strongly believe that we will never have adequate state support for our schools until the whole state tax structure is revised. Until this happens, Hopkinton real estate is going to have to bear an increasing burden if we want to provide the type of education I am sure the people of Hopkinton want for their children and to which their children are entitled.

Of the above students, ten, or 37+%, have gone on to further their formal education, 22.2% at four year colleges. The institutions being attended are Miss Farmer's School of Cooking, Plymouth Teachers College, St. Anselm's College, Manchester Technical Institute, Modern School of Fashion Design, Concord Hospital School of Nursing, and Smith College. Of the remaining students, two are in apprenticeship programs, eight are gainfully employed, three are in the service, and four are housewives.

For the school year 1962/63 we expanded our Physical Education program through the addition of Miss Gail Bucklin to the staff. Mrs. Charlene Billings replaced Miss Cormier who left to get married. The current school year Mr. Thomas McNamara replaced Miss Carolyn Tasker who left to get married and Mr. Peter Burleigh has replaced Mrs. Billings who left because her husband returned to college.

Because of the new Minimum Standards which went into effect in September 1963, we have added a guidance counselor, Mr. Francis Tremblay.

It was also necessary under these standards to have a teacher-librarian. This necessitated Mrs. Carolyn Roberts attending summer school to get the credits required. Thus, we had to add another English teacher, Miss

Martha Webb, to take over English classes formerly taught by Mrs. Roberts. Again, we had to have an offering in Art and this brought about the hiring of Mrs. Peter Lovejoy to teach Art two periods per week. It is hoped that this might be expanded in the future. The last thing that remains to be done in order to fully meet the minimum standards is the offering of a second mathematics course to those students who will terminate their formal education upon graduation. Also looking ahead, we must plan for an advanced science and mathematics course for seniors and a fourth year of French.

Through the efforts of the citizenry and their school board, Hopkinton High School continues its forward progress each year.

Respectfully submitted,

WILLIAM H. MILNE

## TO THE CITIZENS OF THE TOWN OF HOPKINTON

Although the past year has shown some increase in the crime pattern, we are glad to state that it is not as serious a problem as some of our neighboring towns have witnessed!

We have been fortunate in having interested and active police officers, who have done a commendable job in keeping our town free of major crime. I feel that if we can all continue to cooperate and work together even more closely, 1964 will be even a better year than 1963.

During the year of 1963, I received 906 telephone complaints on my personal telephone. A "blue telephone" system similar to the fire department "red telephone" is suggested by the Telephone Company, and I recommend it.

I hereby submit the 1963 report of the Hopkinton Police Department.

Respectfully submitted,

RONALD DANA DANIELS, JR.,
